Does your troop need to sign up? Yes, it is best to sign up in advance to attend this program because there will be only a limited number of extra packets, rock collections, and patches available for those who don't sign up in advance. Last year we served over 700 kids in two days, so advanced registration is highly recommended. Pre-registered participants will have priority over walk-in participants. Sign up early to reserve your troop's spot. Last year we filled up long before the deadline.
